

Accessing **New Generes Grid (NGrid)** v0.2

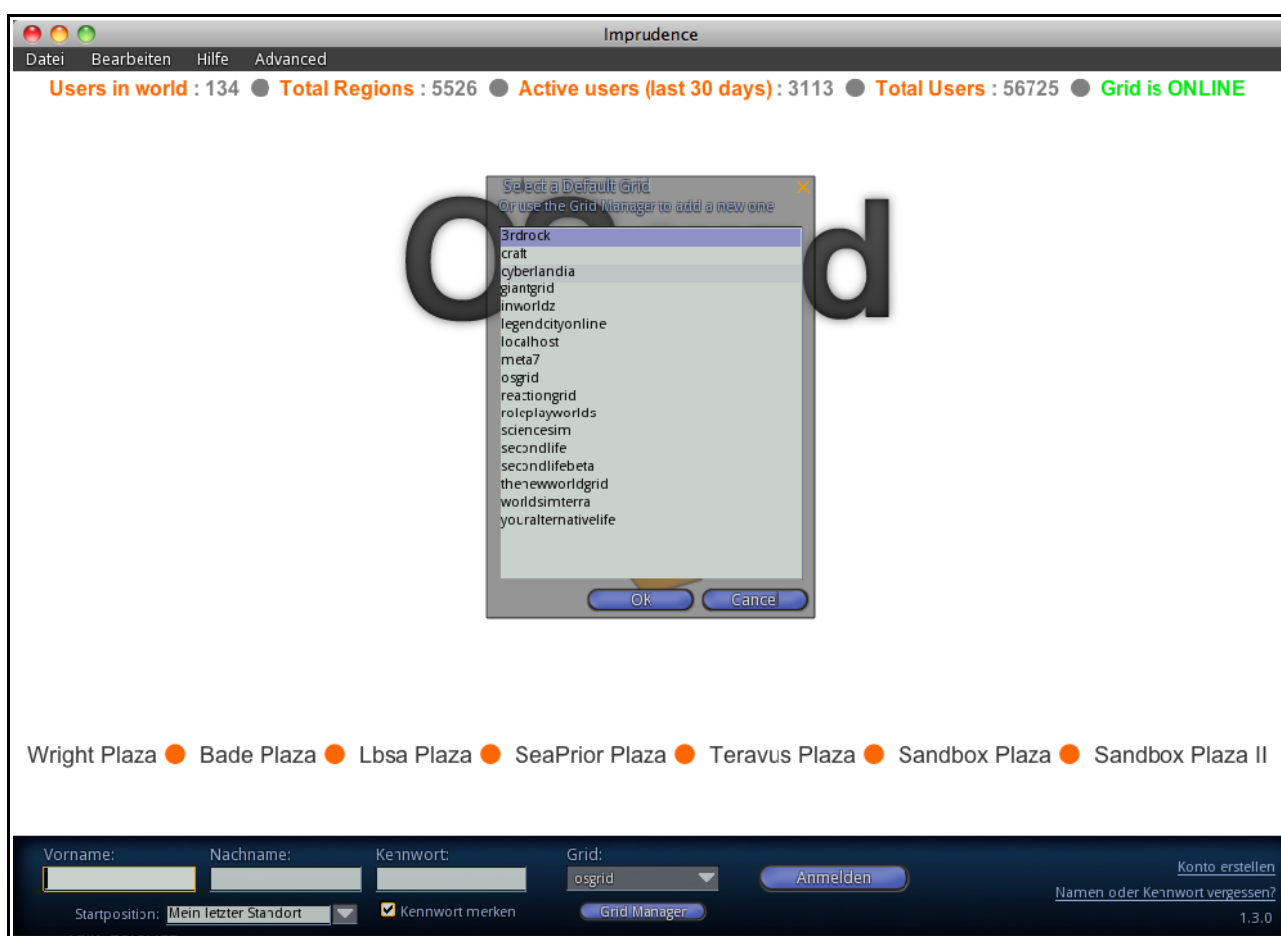

www.ngrid.org

Short introduction:

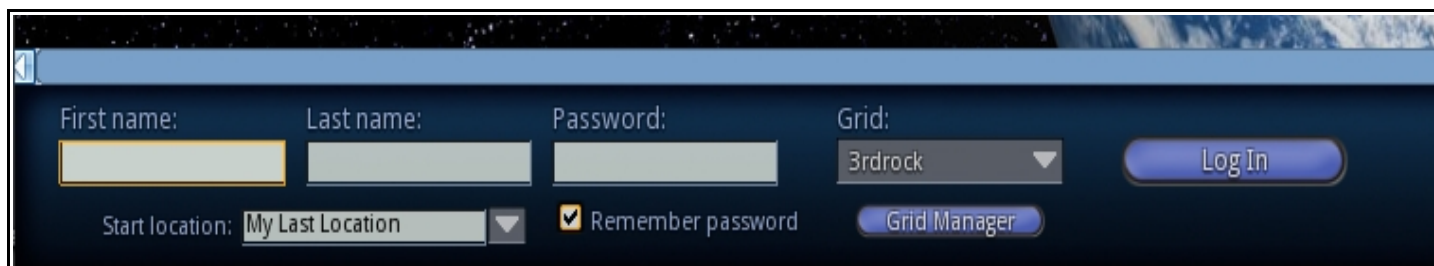

Download the latest stable version of **Imprudence** viewer (this is a very friendly, open source version of the Second Life viewer) <http://wiki.kokuaviewer.org/wiki/Downloads>
Click on the **Grid Manager** and **Add New Grid** with URI login.ngrid.org:8002
Login (the grid pull down menu should be set to **ngrid**)

Step by step introduction:

1.) Download the viewer and install it. Run the Software.

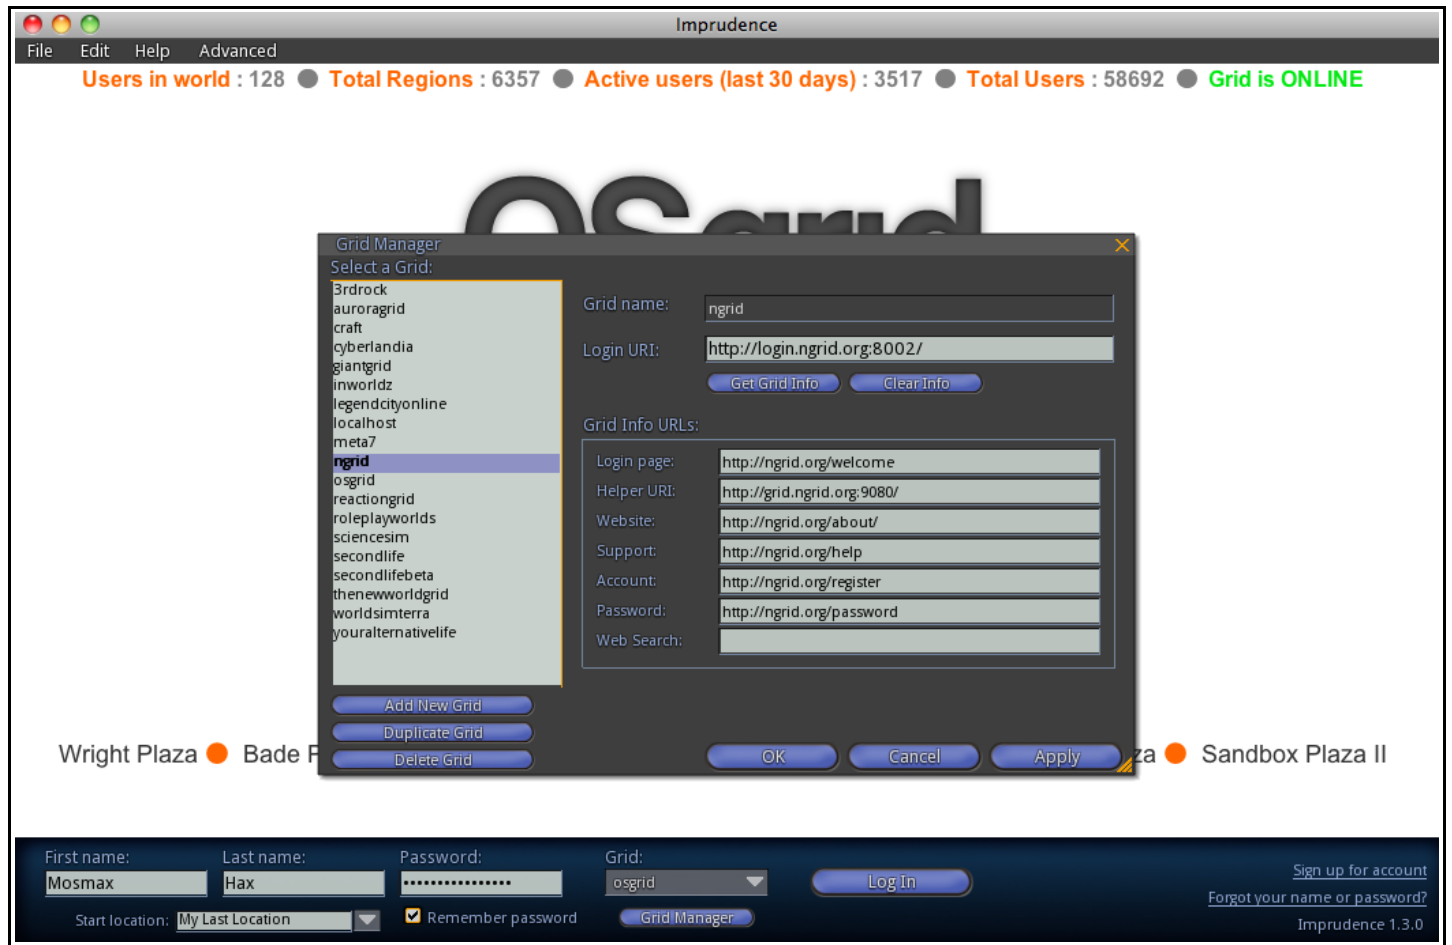

After a new installation you will be asked to choose a Grid. You can use any, because we will add a new anyway in the following steps.

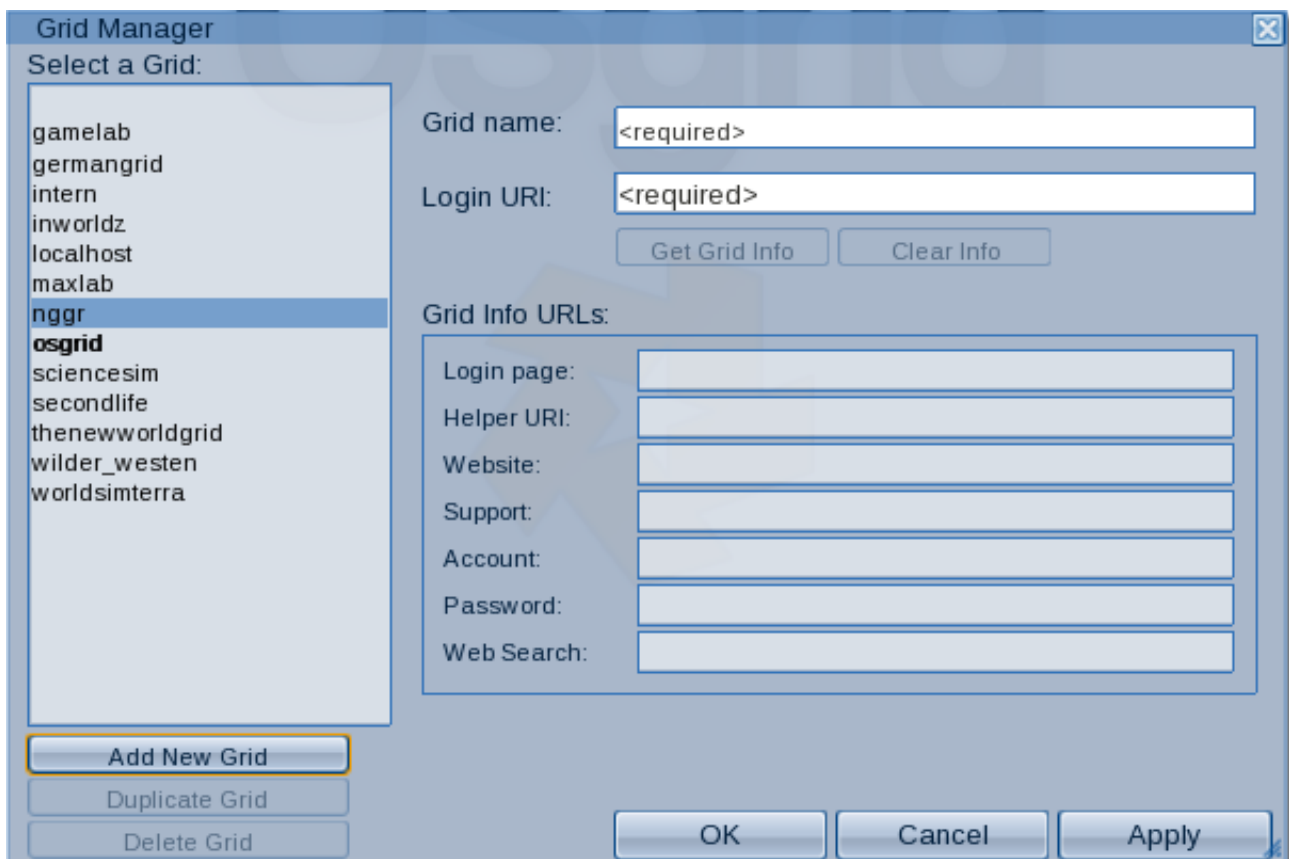

With the **Grid Manager** button we have to do the setup once to access NGRID.

2.) Click on the **Grid Manager** button to add a new Grid.

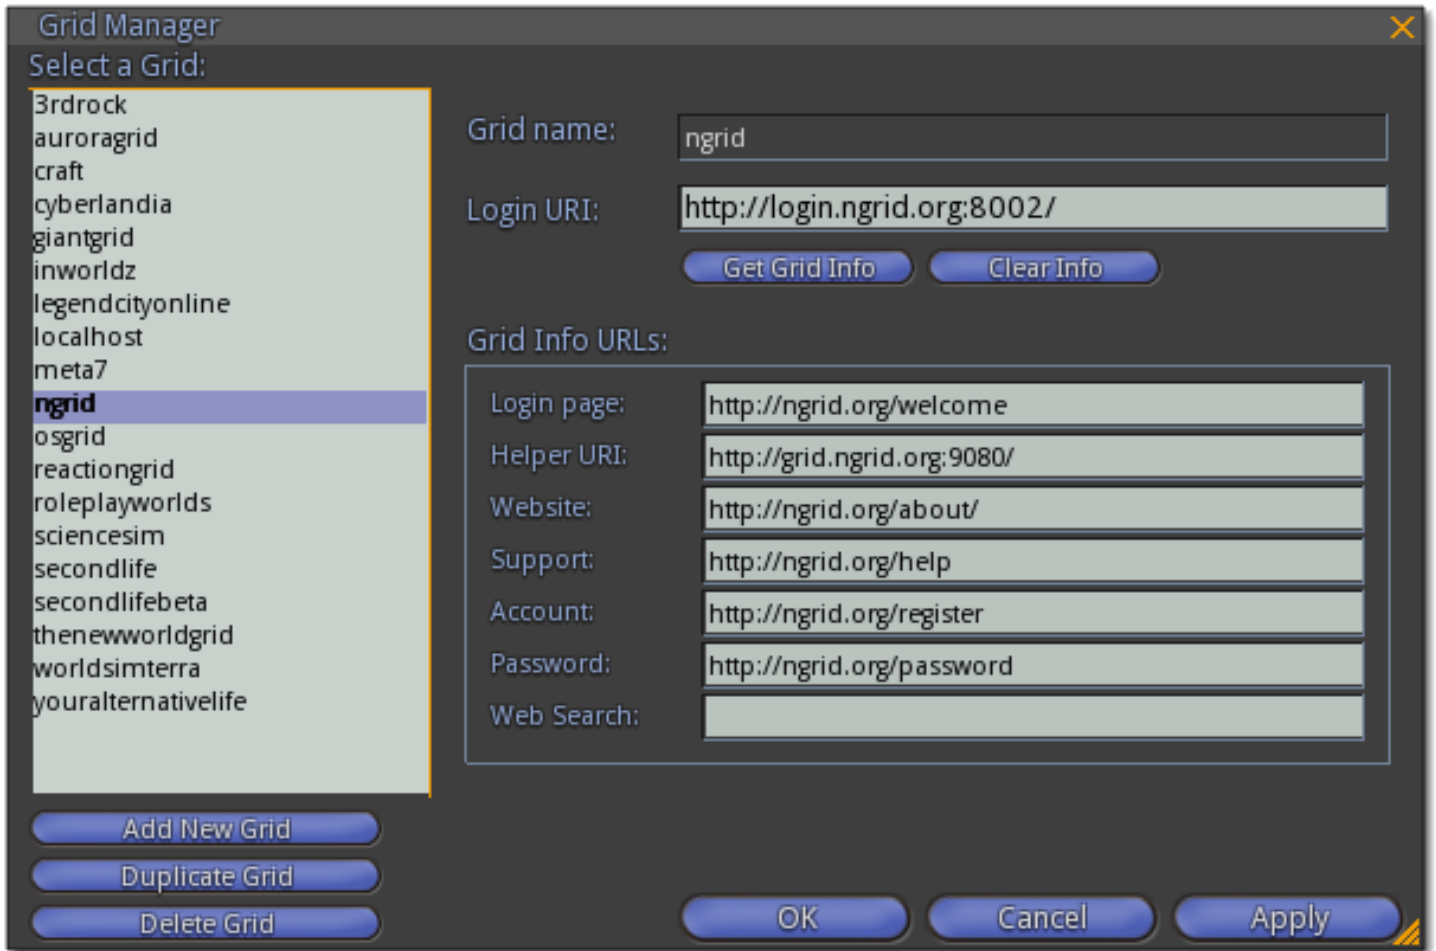

Click on **Add New Grid**, an empty form will show up.

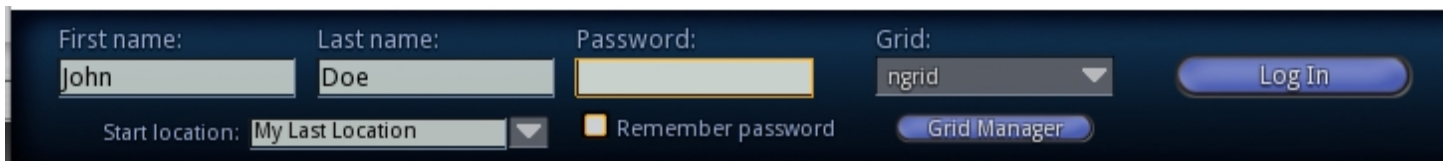

3.) Type (or copy and paste) the Login URI: <http://login.ngrid.org:8002/>

Click on **Get Grid Info** and the form will be filled in automatic.
OK to save the changes. It should look like the following image.

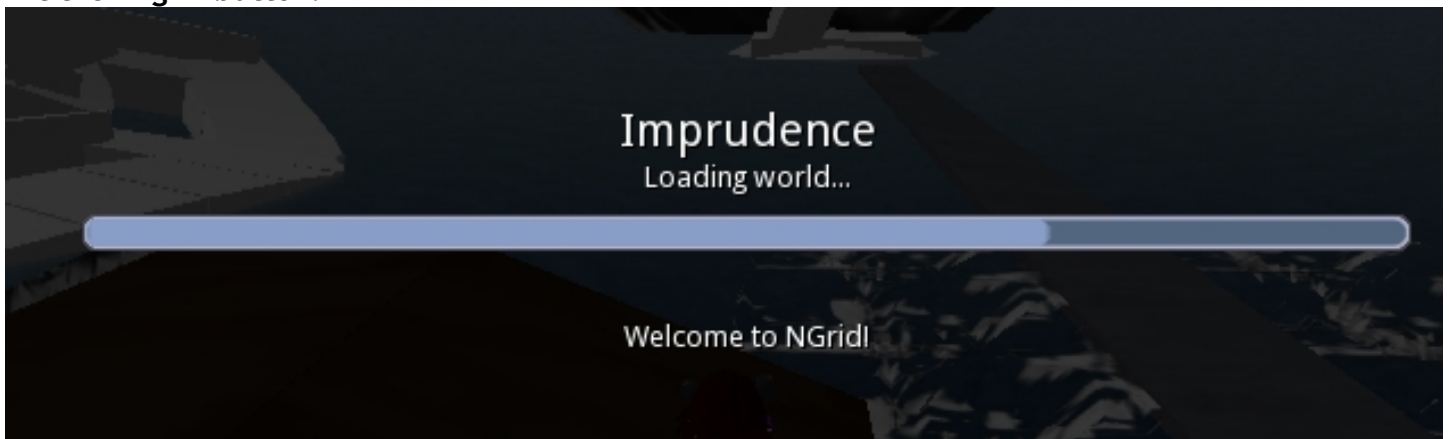

Thats it. You are ready to login.

4.) Enter your avatar login data. **First Name, Last Name, Password** (the grid pull down menu should be set to **ngrid**) !!!

Hit the **Log In** button.

Other viewers you can use: [Hippo OpenSim Viewer](#), [Phoenix Viewer](#)
